**November 19, 2024**

Hi Heavenly,

I want to extend my heartfelt appreciation for your support of the American Heart Association (AHA). For over a century, AHA has been the leader in the battle against cardiovascular disease, heart attack, and stroke — the number one cause of death in our country.

I'm delighted to share that your recent donation received on November 12, 2024 is having a massive impact ...

**Your amazing generosity is helping save lives ... including yours!** Did you know that AHA trains 22 million people each year in CPR across the country? And that if performed immediately, CPR can double or even triple the chance of survival from cardiac arrest?

Lifesaving successes like these wouldn't be achievable without the inspiring support of generous donors like you. I am so honored to include **Heavenly Brickks among our most cherished supporters who help advance our mission to help all Americans live longer, healthier lives!**

From the bottom of my heart, thank you for touching so many lives in Goldens Bridge and across the nation.

Sincerely,

Eduardo Sanchez, MD, MPH, FAHA  
Chief Medical Office for Prevention
