

International Fellowship of Christians and Jews®

Dear Lyn,

I would like to thank you, dear friend, for your gift to the International Fellowship of Christians and Jews and our programs of rescue and lifesaving care.

I am humbled by your caring spirit and deep concern for the needs of suffering people. Because of you, The Fellowship is able to bless Israel and the Jewish people through poverty relief, ongoing security, and the fulfillment of biblical prophecy through *aliyah*. Your gift and prayers of support are wonderful reminders of your loving heart for God's chosen people during this time of war.

Thankfully, faithful friends like you have given hope to so many Jewish people in need. This help is especially meaningful with the grave threat posed to the Jewish state by Hamas, Hezbollah, and Iran, and as Jews around the world struggle against rising anti-Semitism.

You are a dear friend to Israel and the Jewish people, and you have certainly been righteous with your generous gift to God's children. May He refresh and prosper you for being a blessing. Thank you again for sharing your prayers and your resources with those in need. Let us continue to pray for one another, and for the day when true peace comes to the Holy Land and to the world.

With blessings from the Holy Land,

Yael Eckstein
President and CEO

P.S. Any additional gift you can share today will help Jewish people in need during this time of war. On their behalf, thank you again for your partnership.
